A Scarce Volume.

We have some time since received from the publisher of the *South African Philatelist*, (Mr. S. A. Klagsbrun, of Johannesburg) a complete file of that bright periodical. A small edition of each number was printed, and there are comparatively few copies of the S. A. P. in this country. Few free copies were circulated, and none as "Sample Copies."

Its makeup is out of the usual run of "press-work," the original being typewritten and copies made by a duplicating process. The size of the page is 8½ by 10½ inches. The cover is of fine quality Southern Cross blue paper, and the title is printed in large letters in the regular way, the date, volume, number, etc., being printed in the same manner as the rest of the paper.

The contents are all original and valuable from a philatelic standpoint, a fact which cannot be said of some "philatelic"(so-called) papers. The "tone" of the editorial notes is independent, fearless and impartial. (Another rare virtue!)

Six numbers were issued, from November. 1895, to April, 1896, inclusive, and each consisted of eight pages, that is, excepting the final number (6), which was of ten pages, or rather leaves, as but one side was printed on.

The entire volume consists of 50 leaves, besides covers, equalling in volume a 124-page book.

Its publication was discontinued after the six numbers promised were issued, as sufficient local support was not accorded the paper to warrant a continuance of the arduous labors involved in getting it out.

It was succeeded by a local organ of two leaves, produced in the same way, entitled The *South African Philatelist Monthly Bulletin*, but that is now discontinued and Mr. Klagsbrun has removed to England.

PHILATELIC LITERATURE is No. 539 in the Supplement to Jones' Check-List.

Not dead but sleeping. Though we have stated in our previous numbers that we have no regular publication date, yet it was (and is) our intention to appear on an average of once each six weeks or so. But circumstances—not financial—over which we had no control have caused a long delay between the issuance of No. 2 and this number. The cause is "annihilated" and we shall in the future appear with frequency and regularity. Our subscribers will see at least 12 numbers of PHILATELIC LITERATURE.

Our Chronicle. Some of the items in our Literature Chronicle seem a little stale, owing to our delay, but we leave them as originally written, in order that our chronicle may be a *continuous record* of literature movements, and so be valuable as a future *reference* list to those who have a complete file—which means a complete continuous record.

Two Papers for the Price of One. We have made arrangements with the publishers whereby we are enabled to offer *free* to new yearly subscribers to PHILATELIC LITERATURE a year's subscription of 12 numbers of that most excellent publication, the *Philatelic Californian. Take advantage of this offer before it is withdrawn.* The P. C. will only be sent when request to that affect accompanies subscription.

A "Noisy" Paragraph. We are paying one cent per copy for mailing our paper, and have done so from the start, and will continue to do so. This is our own option and gives us more *independence* than pound rates. So the *Loud bill* if it passes will have no effect on us. Mr. *Loud* is making lots of *noise*, and incidentally making an ass of himself, as some think at least.

T. C. Please note that we have a *Trade Column* on page 26.

N.S. & C.S. Do any of our readers know anything about the *National Stamp and Coin Journal*, of Boston, 1891? (Jas. W. Ward, Pres. of Golden Hours Club No. 34 was connected with it.

New papers. We wish to receive copies of all new papers promptly, in order to note them definitely in our Literature Chronicle.

"Begin with No. 1." Several have sent requests to "begin with No. 1" with their subs. We wish we could do it, but we can't. *We have just eleven copies of our initial number on hand.* When we stated in a previous number that we unintentionally mailed too many, more than we meant to, one subscriber likened us to Ananias and wanted his quarter back because we could not start his sub. with No. 1. He got his "mon" back. Sorry!

"Union Philatelist." In No. 2 Mr. Soandso noted, under caption of *Press Notes*, the death of Mr. Carl Suderman, of Mankato, Minn., and remarked that Mr. S. had announced the *Union Philatelist*, but did not know whether any were really issued or not. Mr. W. R. Ricketts writes that he has two numbers of it, No. 1, Dec., '95; No. 2, Feb., '96. (We have since procured same.) Since writing the above, copy for Part II of the Supplement to Jones' Check-List has been received, and No. 723 is the U. P., and is credited with two nos.

"Improvement the order of the age." Our No. 2 was an improvement over No. 1, and the No. before you is an improvement over No. 2. This issue is mailed flat in large envelopes, as will be all our future issues. We thoroughly believe in "Improvement the order of the age," which is the motto of what we consider the best typewriting machine on the market, the unparalleled *Smith-Premier*, which possesses more good points and less bad points than any other machine we know of, and we have written a good many thousand words on both the Remington and Barlock, aside from transient work on the Hartford, Densmore and World. But this is not a paid ad., and so—well, we were just making an appropriate application, that's all.

B. C. P. The *Bristol County Philatelist*, which is issued by our publishers, is now in its 6th number. It is official organ of the B.C.P.S., and contains also a little other matter. It is 25c per year. Only 100 are printed, so we do not send out free sample copies. We have not solicited subscriptions heretofore, but we now offer it clubbed with PHILATELIC LITERATURE at 40 cents—the two papers for 40c.

Raising bids. A word about bidding in auctions. We do not believe in the policy of "raising highest bid," and we have several reasons for our stand. It is known that there are two or three literature collectors in this country who are ready to say "raise highest bid one cent" and stand back of the order. Other bidders may know some of the wants of these parties and refuse to bid if they happen to want the same. Others may send in a fancy bid with the sole idea of making *somebody pay* for the papers they want. Meanwhile the poor proprietor of the sale sits "on the fence" and watches the people go by—or is it go *buy?*

Auction prices. We wish we had more space in which to quote prices realized for the more common stamp papers, but as it is we give prices for all single copies which bring ten cents or more per piece.

☞ Copy for ads. in No. 4 should be sent in now as we wish to go to press as early as possible.

Summer . . Prices!

☞ I am making special prices on all kinds of good stamps during the Summer months. U. S. Postage, Revenues and Foreign at 50%. *Must have good ref.* What do you want?

Eureka Hinges

Are GOOD Hinges.

These hinges were introduced by me in 1894, and during that year my sales were less than 100,000. I have adv. them very little but my sales for one month this year were 84,000. They are "good things" and I now intend to push them. *Try* a sample 1000 and you'll want no other for ordinary use. Die-cut, thin paper, good gum and plenty of it.

1000, 10c. 3 for 25c. 10 for 75c.
